

Innovative Recruiting & Staffing Solutions since 2007

Managed Staffing Programs

On-site and remote workforce and vendor management services designed to improve talent quality, ensure compliance and reduce staffing costs.

Vendor Managed Services

Combine our Managed Service Programs with an intuitive tool to allow your business partners to have full transparency into the requisition management journey.

Recruitment Process Outsourcing

Improve your bottom line, increase access to talent, reduce time-to-fill, reduce recruiting costs, reduce turnover, streamline your Direct Hire Process, and allow your company to focus on other business critical needs.

Statement of Work

Take your Talent Acquisition needs and carve out the piece you need outsourced – Let CSSvSource provide a fixed cost for the project with milestones and timeframes for completion and success.

CSSvSource Managed Staffing Programs help your business to more effectively and efficiently source and manage your contingent workforce.

Whether you need technical, professional, clerical, or industrial CSSvSource will take 100% responsibility for every aspect of your contingent workforce, including the procurement of talent, selection of staffing providers, quality assurance, compliance, payroll and reporting.

We realize that different organizations have vastly different staffing goals. Whether you're looking to find contingent employees through a traditional staffing supplier, an independent contractor or a professional consultant through another company, our Managed Staffing Program can be configured to meet your specific workforce requirements.
